### Coffee Club Solo Meetups – Please support.

We are now running 3 Solo meetups every month and although this has taken and continues to take a lot of work from the team at Travel with Me, we are extremely proud to be able to offer these very important meetup opportunities for our Solo Travel members. We will often have presentations to ensure a variety of topics and to provide some inspiration to our members for future travel. Please remember that these presentations will only take up a portion of our meetup so even if you are not overly interested in a particular presentation please remember it is all about meeting other members and enjoying the social interaction within the coffee club. We need you to support these meetups by coming along as often as you can and contributing to our group.
